

Create a healthy body esteem environment

- Never talk negatively about your body.
- Praise your children for who they are and what they do rather than their physical appearance.
- Avoid talking about other people's weight.
- Don't diet.
- Keep a wide variety of foods available.

Pam Chin-Lai, MS, RD, LD. is a registered, licensed dietitian who specializes in helping people develop a healthy and peaceful relationship with food and their body.
